

What ya' doin' Pastor?: Worship; board meeting; choir; finance, property, personnel, education, mission, committees; youth event; hospital calls; nursing home visits; marriage counseling; funerals; regional meetings; worship planning; sermon study/prep; bible study; fellowship dinner, dashing here and there – oh did I mention that's just today?

How can you keep going if you never take time to rest?

Clergy Women's Retreat Is Here!

Sunday April 25th -- Tuesday April 27th

Our busy schedules keep us going 24/7 with very little time to regain our strength and renew our bodies and souls for the ministry we have been called. We make time for what we believe is important. Jesus took time to get away to rest and pray to regain his strength for the ministry he was called. Lead by his example, we too need time away for rest and prayer. So get out your calendar and mark these dates then go online and register to attend.

We look forward to your presence this year!
